

ISACS Admissions: 2001-2002 (most recent available statistics)

ISACS thanks the National Association of Independent Schools (NAIS) for their online statistical reporting service (STATsonline). At the time schools entered the following data (September through November, 2001), 212 ISACS members were listed by NAIS. Approximately 146 schools entered admissions data. ISACS extends thanks to schools for their data entry (around 68% of our total membership). Because not all schools entered data, the figures need to be interpreted cautiously. It is important to note that statistics vary from year to year, depending upon which schools enter data.
