

ISACS School Endowment and Capital Campaign Reports: 2001-2002 (most recent available statistics)

ISACS thanks the National Association of Independent Schools (NAIS) for their online statistical reporting service (STATSonline). At the time schools entered the following data (September through November, 2001), 212 ISACS members were listed by NAIS. Approximately 135 schools entered school endowment data (around 64% of our total membership). Only 53 schools (25%) entered capital campaign data; these numbers only provide the most general picture of giving.

ISACS extends thanks to schools for their data entry. Because not all schools entered data, the figures need to be interpreted cautiously. It is important to note that statistics vary from year to year, depending upon which schools enter data.
