# 3 Major Association Governance Changes

## **Adjust the Member Vote**

For issues requiring a member vote (e.g. election of board members and officers, changes in bylaws), there will be one vote per member school to be cast by the head after consultation with the teacher representative.

*This is a change from the long-standing two-vote system that designated one vote for the head and one for the teacher representative. With the school as the member, this change moves the school's voice in an ISACS vote to a unified opinion.*

## **Reconfigure Committees**

Processes will be put in place for consistent board involvement in establishing committee charges, goals, evaluation, and composition.

Chairs of standing committees will serve on the Executive Committee.

*We expect this to mean more coordination and collaboration, better alignment with association strategic direction, and less autonomy for committees.*

## **Open Access to Leadership**

Board leadership positions and committee participation will be open to individuals in roles other than head of school in all cases.

*This will allow the board greater flexibility to recruit individuals who have the attributes needed at any given time, rather than being limited by school role.*

# Data

*Is primary grade enrollment management...*

*... more problematic than other grades?*

*... becoming more difficult?*

*Is international enrollment in decline?*
