

Administrative Services Committee (ASC)

Focuses on the specific needs of division heads across the region; determines a variety of ways to support the growth and development of division heads, including:

- Networking with division head in local/state sections of the region.
- Suggesting elements to enhance the Academy for Division Heads.
- Advancing the strategic initiative for multicultural curriculum development.
- Sponsoring professional growth opportunities on a regional level.
- Advising the president, the board and the director of professional development on the needs of independent school division heads.
- Contributing to the website by providing resources for division heads.
- Identifying challenges facing division heads and developing programs which addresses them.
